Crafting the Personal Essay is designed to help you explore the flexibility and power of the personal essay in your own writing. This hands-on, creativity-expanding guide will help you infuse your nonfiction with honesty, personality, and energy. You'll discover: An exploration of the basics of essay writing Ways to step back and scrutinize your experiences in order to separate out what may be fresh, powerful, surprising or fascinating to a reader How to move past private "journaling" and write for an audience How to write eight different types of essays including memoir, travel, humor, and nature essays among others Instruction for revision and strategies...
